DESTRUCTIVE FIRE NEAR CAMP M'KINLEY

There was a small fire near Camp McKinley early last evening which entirely destroyed the residence of D. L. Guerra. The fire was caused by the explosion of a kerosene lamp setting fire to the mosquito netting. The soldiers at Camp McKinley speedily responded to the alarm. But for their assistance the buildings next door would also have burned. The Makiki engine and a hose cart from the central station responded to the call, but the fire was practically over when they arrived.

The building and contents were a total loss. The building was a new one, built by Guerra himself.

Your only surprise after eating a CRITERION midday lunch will be that the cost of the feast is so much less than the excellence of the viands would lead you to suppose.

Soup, meat, vegetables and a glass of cold beer for 25 cents.

Where can you beat it?

O. J. MCCARTHY, Proprietor,
Corner Hotel and Bethel Streets.
